

Checklist

Using this checklist you can cross-off the essentials. You can add to this to your hearts delight. During daytime your main luggage will be transported in the backup vehicle. We provide a tank bag or back roll for your daytime luggage. There is enough room in there to add a big bottle of water. These are never completely leak-proof. You'll also encounter a lot of dust when riding through Africa. So bring sturdy plastic bags to pack your daily belongings, so your camera and other belongings are protected against water and dust. Since dust will find its way into the smallest cracks, we advise you to pack your main luggage in plastic bags as well.

Documents and money:

- Flight ticket (print of your e-ticket)
- Valid passport with at least two empty right-hand pages (valid until at least 1 or 6 months after your flight date back home).
- Valid motorcycle driver's license and if needed a valid international driver's licence.
- Proof you have adequate travel- and cancellation insurance
- A photocopy or scan of all of the above
- Vaccination certificate
- (Bank)card with which you can use on ATM's in southern Africa
- Credit card (Mastercard, American Express or Visa)
- Cash Euros or Pounds

For the ride:

- Helmet
- Motorcycle jacket
- Protective pants
- Sturdy shoes or boots
- Protective gloves
